

# BATTERY POWERED RANGE

## CREATE A SILENT NEIGHBOURHOOD

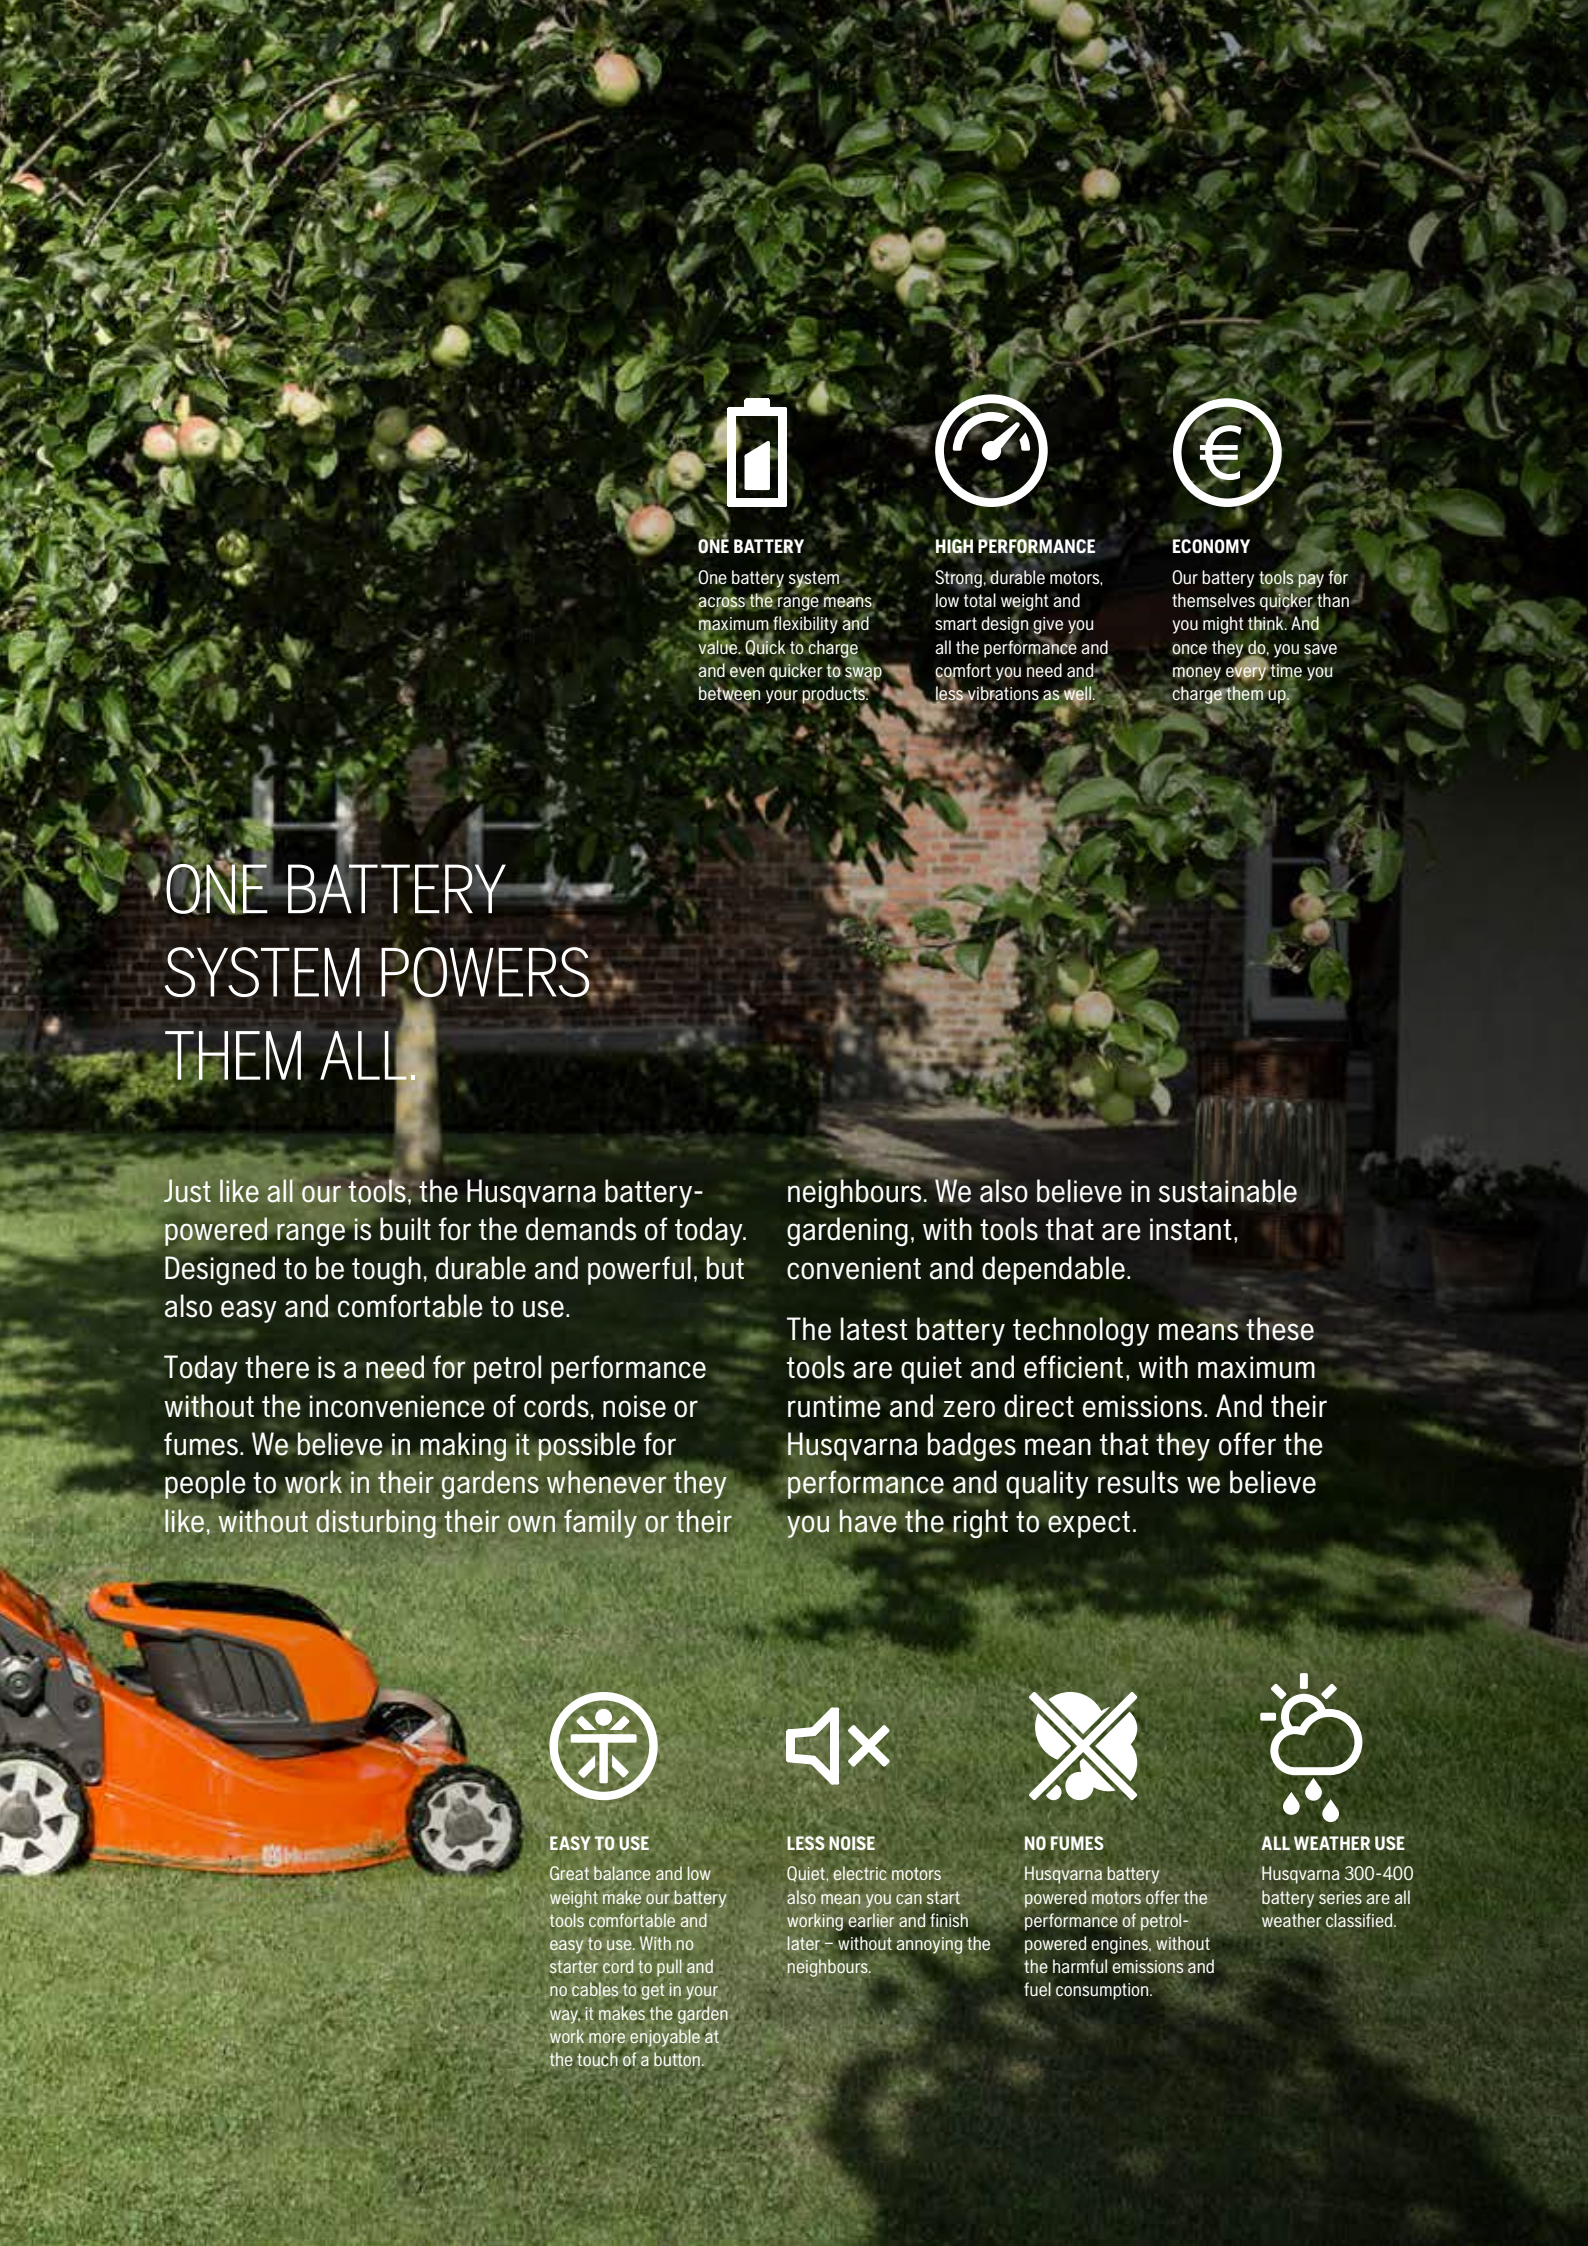

Try our low noise battery products.

**CUT THE NOISE  
WITH  
POWERFUL  
BATTERY TOOLS**

# ONE BATTERY SYSTEM POWERS THEM ALL.

## ONE BATTERY

One battery system across the range means maximum flexibility and value. Quick to charge and even quicker to swap between your products.

## HIGH PERFORMANCE

Strong, durable motors, low total weight and smart design give you all the performance and comfort you need and less vibrations as well.

## ECONOMY

Our battery tools pay for themselves quicker than you might think. And once they do, you save money every time you charge them up.

Just like all our tools, the Husqvarna battery-powered range is built for the demands of today. Designed to be tough, durable and powerful, but also easy and comfortable to use.

Today there is a need for petrol performance without the inconvenience of cords, noise or fumes. We believe in making it possible for people to work in their gardens whenever they like, without disturbing their own family or their

neighbours. We also believe in sustainable gardening, with tools that are instant, convenient and dependable.

The latest battery technology means these tools are quiet and efficient, with maximum runtime and zero direct emissions. And their Husqvarna badges mean that they offer the performance and quality results we believe you have the right to expect.

## EASY TO USE

Great balance and low weight make our battery tools comfortable and easy to use. With no starter cord to pull and no cables to get in your way, it makes the garden work more enjoyable at the touch of a button.

## LESS NOISE

Quiet, electric motors also mean you can start working earlier and finish later – without annoying the neighbours.

## NO FUMES

Husqvarna battery powered motors offer the performance of petrol-powered engines, without the harmful emissions and fuel consumption.

## ALL WEATHER USE

Husqvarna 300-400 battery series are all weather classified.

We have all the tools you need to keep your garden in great shape. From trimmers to blowers, chainsaws to hedgetrimmers and more – all powered by the latest, long-lasting batteries. Just charge them up, slot in the battery and go. Say goodbye to petrol fumes and noise, say hello to quiet, efficient convenience. ■

# PART-TIME USE

Today's Husqvarna battery-powered motors perform like a strong petrol engine, but without the smoke and less vibrations. As batteries are interchangeable, you can switch to a charged one. Ideal for lawn and garden pros who need a machine for moderate to frequent use. Husqvarna machines are designed with a focus on ergonomics and performance.

HUSQVARNA 436Li

**PEAK PERFORMANCE. PEAK PRECISION.**

For carpenters, caretakers, gardeners and other demanding users. Tool-less chaintension. Light and easy to use.

- Bar length 25–30 cm
- 2.7 kg excl. battery
- Chain speed 15 m/s
- savE™ for maximum runtime
- Husqvarna Connect ready

HUSQVARNA 336LiLi

**PERFECTLY BALANCED FOR TOUGH WORK.**

High performance yet quiet, thanks to Li-ion technology. Loop handle and curved shaft.

- 3.0 kg excl. battery
- 33 cm cutting diameter
- Adjustable handle
- savE™ for maximum runtime

HUSQVARNA 436LiLi

**CRUISE CONTROL, INSTANT START – AND MORE.**

Lightweight blower with boost mode for extra power. Easy to use, and quiet.

- 81 dB(A)
- 744 m<sup>3</sup>/hour (boost)
- Blowforce 13 N (boost)
- 2.4 kg excl. battery
- Cruise control
- Boost mode
- savE™ for maximum runtime
- Husqvarna Connect ready

# OCCASIONAL USE

A strong range of battery-powered Husqvarna products designed for use at home. Quiet, convenient and easy to use, yet surprisingly powerful. Totally free from starter cords, smoky exhausts and maintenance needs. Long operating time and design that prioritizes useability.

HUSQVARNA 120i

**LIGHT, CONVENIENT SAW FOR TAKING DOWN THE ODD TREE.**

Easy-to-start with intuitive key pad.

- Bar length 30 cm (35 cm bar available as accessory)
- 3.0 kg excl. battery
- Chain speed 11.5 m/s
- savE™ for maximum runtime

HUSQVARNA 115iLi

**EASY TO ADJUST, START AND TO USE.**

Runs quietly on Li-ion battery. Great for trimming lawn edges.

- 3.5 kg excl. battery
- 33 cm cutting diameter
- Telescopic shaft and adjustable handle
- savE™ for maximum runtime

HUSQVARNA 115iHD45

**EASY-TO-USE HEDGE TRIMMER.**

Light, quiet and easy to handle. The perfect first hedge trimmer.

- 3.2 kg excl. battery
- 3000 cuts/min
- 45cm cutting deck
- savE™ for maximum runtime

**QUIET  
MOWING.  
QUALITY  
RESULTS.**

HUSQVARNA RIDER BATTERY  
**LOW NOISE AND NO EMISSIONS.**

A comfortable, efficient and extraordinarily quiet battery-powered ride-on mower for that larger garden. No direct emissions and low noise for less impact on neighbours. Up to 90 minutes runtime.

- 125 Ah
- Cutting width 85 cm
- 3x12 V

HUSQVARNA AUTOMOWER®  
 105/310/315/315X  
**AUTOMOWER® 315X NEW**

Husqvarna Automower® 315X mows complicated lawns up to 1600m<sup>2</sup>, handling narrow passages and slopes up to 40%, and taking tough terrain in its stride. Features GPS assisted navigation and X-line design with LED headlights. Equipped with Automower® Connect including GPS theft tracking.

- Mobile interaction
- Premium design
- Intelligent mowing
- Automower® Connect
- GPS theft tracking
- Climbs slopes up to 40%

HUSQVARNA AUTOMOWER®  
 420/440/430X/450X  
**AUTOMOWER® 450X**

Husqvarna Automower® 450X is the most advanced and equipped model on the market. For large gardens up to 5000 m<sup>2</sup> with greater challenges. Handles demanding, complex and separated lawn areas with more than one passage and steeper slopes. Features GPS assisted navigation and X-line design with LED headlights. Equipped with Automower® Connect including GPS theft tracking.

- Mobile interaction
- Premium design
- Intelligent mowing
- Automower® Connect
- GPS theft tracking
- Climbs slopes up to 45%

**CLEAN, QUIET PERFORMANCE AND PROFESSIONAL RESULTS.**

With no cords, no refueling and no fumes, a Husqvarna battery mower makes caring for your lawn altogether more relaxing for you and your neighbours alike. And the quality results speak for themselves. ■

HUSQVARNA LC141VLi/LC141Li  
**COMPACT CUTTING DECK FOR GREAT MANOEUVRABILITY.**

Convenient battery-powered mower for domestic use. Great manoeuvrability thanks to compact cutting deck. Easy to start. 30 min runtime depending on lawn conditions.

- Collection/Rear ejection
- Cutting width 41 cm
- Cutting height 25-70 mm
- Self-propelled (LC141VLi)
- Variable speed (LC141VLi)
- Push (LC141Li)

HUSQVARNA LC247Li **NEW**  
**DOUBLE BATTERY SLOTS FOR EXTENDED RUNTIME.**

Battery mower designed for efficient mowing with minimum maintenance. Bluetooth connectivity. Double battery slots for use with one or two batteries, provides up to twice the runtime.

- Collection/Rear ejection
- Cutting width 47 cm
- Cutting height 25 -75 mm
- Push
- Husqvarna Connect ready

HUSQVARNA LC347VLi **NEW**  
**DIGITAL SPEED CONTROL FOR EFFICIENT MOWING.**

Self-propelled battery mower, designed for comfortable and efficient mowing with minimum maintenance. Bluetooth connectivity. Double battery slots for use with one or two batteries, provides up to twice the runtime. Husqvarna Connect ready.

- Collection/Rear ejection
- Cutting width 47 cm
- Cutting height 25-75 mm
- Self-propelled
- Variable speed
- Husqvarna Connect ready

# COMPLETE YOUR TOOLS FOR MAXIMUM PERFORMANCE.

Husqvarna BLi batteries offer great flexibility and performance. Just charge up, plug in and switch on for peak performance and long runtime with no loss of power and up to 1500 charge cycles. Our charger range includes a smart algorithm for fast charging up to 80% in as little as 30 minutes, while smart accessories complement the BLi Battery System perfectly, making it truly the power behind our battery range. ■

## THE HUSQVARNA CONNECT APP GET FREE ACCESS TO OUR NEW DIGITAL SERVICES

The new Husqvarna Connect app is a digital toolshed for your equipment, making your garden work and machine handling more easy, efficient and rewarding than ever. It contains guides for a smooth start and maintenance, troubleshooting tips & how-to, product specific lists for spare parts and a dealer locator with directions, contact information and opening hours.

With your equipment connected to the app, you'll also get additional functions such as runtime statistics, charging status, child protection lock, real-time notifications for maintenance and trouble-shooting, and more. Look for "Husqvarna Connect ready" and the bluetooth symbol in the product descriptions!

HUSQVARNA BLi100C/200C/300C **NEW**  
**WITH BLUETOOTH CONNECTIVITY.**

This range of Bluetooth-equipped batteries allows you to monitor the battery's charge level and runtime status via the Husqvarna Connect app in your smartphone. See [husqvarna.com](http://husqvarna.com) for latest products connected to Husqvarna Connect. The batteries feature a 4-LED charge level indicator, all-weather operation and excellent cooling. Rechargeable up to 1500 times.

- Capacity: 2.6/5.2/9.4 Ah
- Weight: 0.9/1.3/1.9 kg

HUSQVARNA BLi10/20  
**POWERFUL BATTERY FOR DOMESTIC USE.**

Long runtime in a slim package. Features efficient cooling, 3-LED charge level indicator. Rechargeable up to 400 times.

- Capacity: 4.0/2.0 Ah
- Weight: 1.2/0.8 kg

HUSQVARNA BLi100/200/300  
**FOR ALL-WEATHER OPERATION.**

The BLi300 battery provides excellent runtime and market-leading capacity to weight ratio. They all feature a 4-LED charge level indicator, all-weather operation and excellent cooling. Rechargeable up to 1500 times.

- Capacity: 2.6/5.2/9.4 Ah
- Weight: 0.9/1.3/1.9 kg

HUSQVARNA QC330  
**OPTIMIZED FOR ALL BLi-BATTERIES.**

Quick charging unit with active battery cooling and 2-LED status indicator.

- Power output: 330 W
- Charge current: 8 A

HUSQVARNA QC500  
**FOR SUPER-FAST CHARGING.**

Charges BLi300 and BLi300C 50% faster than the QC330 charger. Active battery cooling, 2-LED status indicator and high-power output.

- Power output: 500 W
- Charge current: 12 A

HUSQVARNA BATTERY BAG

Keeps batteries warm in winter and cool in summer. Effectively absorbs shocks and protects against dirt, grime and moisture. For BLi10 /20 /100 /200.

HUSQVARNA BATTERY BOX

Box for safe transport and storage of Husqvarna batteries, chargers and other accessories.

HUSQVARNA QC80  
**STANDARD CHARGER.**

With LED status indicator.

- Power output: 80 W
- Charge current: 1.9 A

HUSQVARNA QC80F  
**FIELD CHARGER.**

For charging in 12V car/truck outlet in field.

- Power output: 80 W
- Charge current: 1.9 A

The runtimes are up-to times and correspond to work time using savE™: actual work, basic maintenance and movement /climbing needed for generic operations. The 500-series are our products for professional use. For detailed information on those products

The working time available with a fully charged battery depends on three variables: the capacity of the battery, which machine the battery is used with and if you're doing light or tough cutting/trimming. The chart shows an

estimate of the operating time you can expect from your Husqvarna battery equipment in different work situations.

The charging time for a fully discharged battery depends on the capacity of the battery and which of

the chargers you use. In many cases the charging time will be shorter than the working time. This means with two batteries available, you can work continuously – one battery operating and the other battery charging.
